4.0 Affiliations and Agreements

The Ogburn School, Inc. maintains the following considerations, communications, and agreements:

4.1 Florida Department of Motor Vehicles (Driver's license compliance).

4.2 Florida Virtual Learning School (Base School).

4.3 Home Education portfolio assessment when requested. There are fees associated with this request.

4.4 Documentation for students participating in extra-curricular activities and/or community service.

5.0 Credit Transfer and Student Classification

Credits are considered for transfer on the following terms:

5.1 Presented on an official transcript from an accredited institution.

5.2 Documentation of home education courses from a certified teacher or from a school district home education office.

5.3 Performance assessment that meets The Ogburn School criteria.

5.4 Transcripts received from another accredited institution, primary, secondary, or post-secondary.

5.5 Credit for School Community Volunteer Service will be transferred as a "C" if a NG is posted on previous transcripts.

5.6 Other courses noted as Pass or Fail without a letter grade of A, B, C, or D will not be transferred unless transferring school supplies a mastery score that correlates with the grading scale for the receiving school.

5.7 Due to variance in academic standards, core academic courses may be transferred with one (1.0) full credit earned. Half-credits in core academic courses may be transferred as elective credits. Students must complete the one (1.0) credit course with The Ogburn School.

5.8 Honors, Advanced Placement, Pre-IB, and Dual Enrollment courses are transferred according to a 4.0 grading scale without weighting.

5.9 Transfer of Credits with an Official Transcript:

5.9a Courses/Credits from the previous school shall be honored when submitted on an official transcript.

5.9b Official transcripts are official documents on school letterhead and/or embossed with the school seal. It shall be sent electronically or by mail and include the signature of a school administrator of the school where the credit was earned.

5.9c Transcripts must clearly identify the school, the student, the course, date the course was taken, credit earned, and grade in each course.

5.9d Official transcripts may be hand delivered if it is in a sealed and embossed envelope.

5.9e Home school parents are responsible, as the school administrator, to provide to the school a transcript which provides the information noted above. The parent may type or hand-write this information, sign, and date. In order for homeschool transcripts to be accepted for course transfer, documentation must be provided that establishes the student as a registered homeschool student (e.g., previous IHIP, local district documents, etc.)

5.10 Foreign transcripts:

5.10a A student transferring from a country other than the US and providing academic records indicating that the student completed a course with a passing grade, the student should receive that credit/grade.

5.10b A student transferring from a foreign country and having studied his/her native language in the equivalent grades of middle or high school, should receive credit for each year of this language study as M/J Language Arts 1, 2, 3 or an equivalent high school course(s). For example, if a student transfers from Italy and took three years of Italian in middle grades, then the student should receive credit for M/J Language Arts 1, 2, and/or 3.

5.10c If a transcript shows that the student successfully completed an English course in his/her country, credit will be given for world language.

5.11 Transfer of Credits without an Official Transcript: Students transferring into The Ogburn School, Inc. will be placed on a probationary basis according to age. Successful completion of the assignments will determine the final placement.

5.12 Transfer of Credits from Non-Accredited Schools: A student transferring to The Ogburn School from a non-accredited school will be enrolled provisionally and must pass all course work the first academic year at The Ogburn School to receive credit for previous work. If all grades are not satisfactory or passing, the academic committee will conduct a subject-by-subject review of the student's record and of his/her performance at The Ogburn School.

5.13 Classification of students is based on the number of regular academic credits earned. A student would normally earn 6-8 credits per academic year (excluding summer school). The total number of credits earned by a student at the beginning of the academic year determines the grade level placement/classification for that year. The earned credits must reflect the academic core credits required in addition to any elective credits earned. Grade level classification is:

Grade 9: 5-6 earned credits

Grade 10: 7-12 earned credits

Grade 11: 13-17 earned credits

Grade 12: 18-24 earned credits:

5.14 Promotion from one grade classification to another is based on the earned credits and the GPA in the current courses.

5.15 A student should complete graduation requirements in four years of enrollment. In the event that additional time is required the academic committee will review the student's progress.

5.16 A student may accelerate and complete graduation requirements in a shorter period of time.

5.17 Tuition is based on a 10-month period or completion of six (6) academic courses, whichever comes first. If a student accelerates his course work and wishes to promote before the end of the 10-month enrollment period, tuition is due for the current academic year before the student is promoted and a new course load is posted.

5.18 For students who accelerate and complete their current courses before the 10-month enrollment period and transfer to another school, the tuition must be paid before transcripts will be released.

7.9 Two transcripts are provided each year for current, active students without charge. This limit applies whether the transcripts supplied are official or unofficial.

7.10 Students may request additional transcripts through an electronic transcript service at www.Parchment.com. This service is available 24/7. Academic honesty is defined as acting with integrity in all school activities by making sure your work is your own and not copied (intentionally or unintentionally) from friends, books or the internet. Academic dishonesty is therefore defined as submitting work that is not your own creation as your own. This includes a lack of paraphrasing, lack of citations, or both. All types of cheating are considered academically dishonest and are not tolerated by The Ogburn School. This also includes online essay sites for the purpose of obtaining work from others, sharing work with others, or selling work to the site to be used or purchased by others. Cheating is not condoned and any student who engages in cheating is subject to immediate dismissal from the program with no refund in tuition fees paid.

The employment and admission practices under which it operates will honor all laws relating to discrimination.

16.0 Tuition Account Collection

16.1 It is our belief that:

- most citizens attend to their debts promptly.
- most students wish to complete their education and willingly pay their tuition.
- most students who are delinquent in their account are not avoiding their debts intentionally but are experiencing personal and financial difficulty.

16.2 Accounts that are 14 days delinquent will have their online access suspended until their account is up-to-date.

16.3 Students who do not respond within 14 days will be placed on inactive status. A reinstatement fee will apply to unlock the account.
